

**Job Title:**

Bench Joiner & Cabinet maker

Reports to:

Project Manager

A little bit about us:

EJ Ryder is a forward thinking construction service founded on creating amazing, bold design and quality build for people who want something more than just ordinary. We take each project from the initial idea through to design and production, all under one roof in our studio and workshop in east London.

New ideas set us apart

Our design team is always on the look out for new materials and processes. This way we can create something inventive, unexpected or surprisingly simple.

Great design should work well too

We know what works, and what doesn't. Our controlled design and production process avoids unnecessary costs or expensive mistakes.

Open workshop

Having both studio and workshop in one space encourages experimentation, efficiency and fluidity.

Top talent

We develop and grow our pool of talent – and we attract others through working collaboratively.

Our clients include:

V&A Museum, M.i.h Jeans, Psycle, Gousto, Amazon, Rockstar Games, Stellar Works, White Paper, Get Turner, Signal Noise, Otherway, Lulu Guinness, Finery, Tala, and Esters Café to name a few.

What it's like to work here:

We are a new agency, founded by Edwin Ryder in 2014; but we have gained momentum quickly, now working as a carefully selected, but quickly expanding team of eight in our studio/workshop in Cambridge Heath.

We use the best construction and design techniques available and invest in our equipment and people. No one is here for a 9-5; we're here because we love what we do.

We're a fast paced, hard-working and fun loving team and we are looking for a like-minded individual to join us who will have the opportunity to develop varied skills within experimental build and beyond, learning from experienced professionals.

EJ Ryder is built upon a talented team of people with varied backgrounds with skills in Carpentry & Joinery, Furniture Making, Illustration, 3D Design, CAD drawing, Architecture & Interior Design.

What we would like from you:

We are looking to recruit a highly skilled and enthusiastic joiner with at least 5 years of experience (or Level 3 City & Guilds qualification) to join our growing workshop team. You must be reliable and trustworthy, and able to deliver high quality work.

You will be required to assemble a full range of bespoke joinery products, whilst ensuring that Health and Safety procedures and safe working practices are adhered to at all times.

Additional duties will include:

Ensuring that quality expectations, as per drawings and plans are achieved

Ensuring that allocated operation times are achieved

You must have demonstrable experience using hand tools and woodworking machinery. In addition, the following key skills and experience are essential:

Able to work on your own or in a team

Excellent communication skills

Strong attention to detail

Pride in your craftsmanship

Take full ownership of, and responsibility for, your work

A great work ethic

Able to think on your feet

Ability to work to standard operating procedures and work instructions

Must be able to identify and understand drawings requirements

Basic 2D computer design skills

Location: E J Ryder, 351a Cambridge Heath Road, London, E2 9RA

Salary: To be agreed, depending on experience

Type: Full-time

Application:
